“Our daughter's room had the summer sun heating it to a boil in the evening and not getting dark enough for sleep until nearly 10pm. It took less than 10 minutes to install 2 blackout shades and now her room is as dark as night around the clock! Night time and nap time are no longer a problem because of the sun's heat or light! These shades are the real deal!” **James Turner**

We live in Florida and I had been searching everywhere for a cost effective solution to keep her room dark for nap time and bed time. These were exactly what I was looking for and so easy to install. They are also super easy to take down whenever you don't need them. I recommend these to Moms everywhere as a must for any nursery and for anyone looking to darken a bedroom during the day. The company's customer service is also exceptional. We just had another baby and immediately ordered blackout shades for our son's nursery!” **Sally Kirkwood**
